

# The Red Rock Restaurant

Menu

## Concept Statement

The idea behind opening the red Rock Restaurant is because we do not have a special designed restaurant in Sedona that reflects the nature and the ecotourism of the area. So the philosophy about the Red Rock Restaurant is to create a calm romantic and relaxing restaurant that has been designed in a way that transfers the customers in a different environment. The red Rock mountain style will be the newest in Sedona and this style will help people to feel energized and relax.
